A FIGHT TO THE FINISH.

Test of Strength Between Steel Trust and Organized Labor.

STATEMENT BY PRESIDENT SHAFFER.

Expects Every Union Employee and Sympathizer to Join Forces With Strikers—Will Neither Give Nor Ask Quarter.

Pittsburg, Aug. 5.—"Within a week every union man and every union man at heart in the employ of the United States Steel corporation will be asked to join the strike now being waged by the Amalgamated Association. We must settle whether unionism is to stand or fall. There will be no more conferences with the United States Steel corporation unless the meeting is asked for by the officials of that corporation. The Amalgamated Association will not make a request for a peace meeting."

These and several other significant statements were made by President Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers upon his return from the fruitless conference with J. Pierpont Morgan and others in New York.

It is now a fight to the finish between the billion-dollar steel trust and organized labor. Mr. Shaffer says he is ready to employ every peaceable means within the power of man to win a victory. No quarter is to be given and none will be requested. The management of the battle has been placed in the hands of President Shaffer. He has absolute power to call out every man who is connected with the organization and he intends to do it. He is satisfied with the progress of the fight to date. He finds that none of his battle lines have been broken. Promise is made by Mr. Shaffer that the trust will find the Amalgamated Association is strong in many of its mills.

President Shaffer, Secretary Williams, B. I. Davis, M. F. Tighe and John Chappelle of Wellsville returned from New York Sunday evening. The president and advisers did not appear to be the least cast down. "There is not much that I can say about the situation at present," said Mr. Shaffer. When asked if there would be a meeting Monday Mr. Shaffer said: "None will be needed. The fact of the matter is that we held one in New York Saturday evening."

"Was there any action taken at that meeting about calling out all of the men in the employ of the United States Steel corporation?"

"I was given full authority to act. The meeting empowered me to issue a call whenever in my judgment I thought it time to act."

"When will that call be issued?"

"That depends upon a number of things. It is difficult to say just the exact day that I will be ready to exercise the authority vested in me."

"Can no you fix some definite date when this order will be issued?"

"You can say that within a week every union man and every union man at heart in the employ of the United States Steel corporation will be requested by me to join Amalgamated Association in winning this strike."

"Do you think you will be able to close all of the mills of the steel corporation?"

"I am of the opinion that every one of them can be closed. We have some great surprises in store for the trust. The men have been organized in some of their mills that they never dreamed could be touched. We have the sympathy of the workmen and they will not throw any straws in the way of our absolute victory."

Mr. Shaffer said that the stories that Mr. Morgan had been ugly during the conference Saturday were untrue. He said Morgan had been courteous and businesslike throughout the entire meeting, and if he had lost his temper it was after the adjournment of the gathering.

"Are you afraid of southern negroes being brought in to break the strike?"

"Not in the least. The negroes of the south are thoroughly organized. We have not been overlooking that detail. They make the best kind of union men. The 300 colored men brought from the south to assist in starting the plant of the Latrobe Steel company in Chicago were all members of the union. When they discovered what was wanted of them they returned to their homes."

CAME TO NAUGHT.

Steel Strike Conference Failed to Reach an Agreement.

New York, Aug. 5.—The full executive board of the Amalgamated Association of Iron, Steel and Tin Workers held a conference with J. Pierpont Morgan, President C. M. Schwab of the United States Steel corporation and other officials of the big trust.

During the conference Messrs Morgan and Schwab insisted upon the acceptance of the terms offered by them

Saturday last. President Shaffer and his associates demanded further concessions in behalf of the union. Neither side would give in and the conference disagreed and parted, leaving the situation practically unchanged. President Schwab went from the conference to the office of J. P. Morgan, where he was closeted for a time with Robert Bacon. He would not discuss the conference or the strike situation.

After the labor men went into session in the Stevens House, a statement was given out by one of their number that the proposition made by the United States Steel corporation would not be accepted, and that there would be no further conference between that corporation and the Amalgamated association unless it should be asked by the former.

CELTIC'S MAIDEN VOYAGE.

Largest Leviathan of the Deep Sails Into New York.

New York, Aug. 5.—The biggest ship in the world, the Celtic of the White Star line, reached her dock here Sunday on her maiden voyage. Her time from Liverpool was 8 days and 46 minutes. As she is berthed her steerage deck is higher than the entrance to the pier. After she was warped in the iron doors aft the cabin had to be opened to land the passengers. The sun deck towers above the roof of the pier. There were 345 cabin and 268 steerage passengers on the Celtic. It was not intended that the big liner should make any marvelous time on this trip. Her average speed was 14.95 knots, although she is able to log 16.5 knots an hour.

War Between Dental Schools.

Milwaukee, Aug. 5.—An attempt alleged to have been planned by the National Association of Dental Faculties to expel the National university of Washington from that organization was frustrated when an injunction was secured by the proscribed school from Court Commissioner Fred Schreiber to prevent such action on the part of the organization. The association had spent the day discussing means for abolishing fraudulent dental schools, and the attempt to expel the Washington school was alleged to be one of the steps contemplated. The National university has been a member of the association 14 years.

Terrible Forest Fire.

Berlin, Aug. 5.—A terrible fire is raging in the extensive pine forests near Kaldenkirchen, on the Dutch Prussia frontier. Firemen from all the neighboring villages, aided by the inhabitants, headed by their burgomasters, are at work trying to check the flames, but so far without success. Several thousand acres of valuable timber have been destroyed. Train service through the district has been suspended as the fire has reached the railway track. The damage is about 1,000,000 marks. A stiff north wind is blowing and it is feared that the fire will reach the extensive forests in the Aix-la-Chapelle district.

Boers in Cape Colony.

London, Aug. 5.—The Cape Town correspondent of the Daily Mail, in a communication dated July 17, places the strength of the Boers in Cape Colony between 7,000 and 8,000 men, almost all of whom are rebels. The Daily Mail contrasts this with the official statement not long ago that they were only 1,000. "The colonial authorities," the correspondent continues, "have just awakened to the possibility that the last shot in the war may be fired in Cape Colony, and unless vigorous efforts are put forth there is nothing to prevent the Boers from holding out another 12 months."

Crops in United Kingdom.

London, Aug. 5.—Teh wheat harvest in the United Kingdom has been in full swing for a week and the Mark Lane Express calculates that, although the quality is fine, the yield in the most important counties will be four quarters to the acre against the usual five quarters. Barley, likewise, is of good quality, but the quantity is below the average; and oats are thin to make a big crop. The yield of English and Scotch potatoes will be fully up to the average, while Ireland promises the best yield since 1895, which was a grand year.

Brazil to Participate.

Rio Janeiro, Aug. 5.—Brazil will not appoint delegates to the Pan-American congress in Mexico, as the exact form of the program is not settled. Nevertheless the government has sent a message to congress requesting an appropriation for expenditures for participation in the congress. Deputies Esberaldo and Irino attacked the bill, asserting that Brazil had no interest in assisting at the congress, the only result of which would be to awaken distrust of European Latins against Americans.

Spokane, Wash., Aug. 5.—Judge William H. Clagett, 63, a prominent lawyer of Washington and Idaho, died at his residence here. He was prominent in fusion circles in Idaho and was at one time a candidate for United States senator.

CORBIN COMING HOME.

He Says His Visit to the Philippines Has Broadened His Views.

SWAPPED GIFTS WITH SULU SULTAN.

Uncle Sam Ready to Interfere Whenever Necessary in the Troubles of the Jolo Monarch and the Dates of His Return.

Manilla, Aug. 5.—The towns of Calapan, Naujan and Pola, on the northeast coast of the island of Mindoro, were occupied by a battalion of the Thirtieth volunteer infantry and Macabebe scouts after a slight resistance. The Filipinos, numbering 250, fled into the interior. Their commander, Howard, who is a deserter, is hiding in the mountains and the Americans are in pursuit.

Adjutant General Corbin, who has returned to Manilla after a tour of 11 days among the islands, including a visit to the Sultan of Jolo, with whom he exchanged presents, says: "The trip has considerably broadened my views as well as affording me great pleasure personally. What I have seen should be of considerable benefit to the government. In my opinion, the progress now being made in the Philippines could not be carried out by able hands than those of Governor Taft and General Chaffee. Both have had wide experience. Both are men of tact and ability. Their duties are entirely separate and yet in many ways co-operative. One could not very well go forward without the other. I am gratified to observe the firm friendship established between them, and I am confident that, under their guidance, the Philippines will get out of trouble into peaceful water."

Adjutant General Corbin left Manilla for Shanghai Sunday afternoon. The civil commission has chartered a steamer for a trip among the northern islands in the interest of the establishment of civil government. The journey will be begun in 10 days.

Congressman Shafroth of Colorado, who has been closely investigating the question of public lands in the Philippines, urges the commission to take steps to establish homestead laws, allowing any persons doing work to the value of \$100 on government land to occupy a certain amount of it, and, if possible, assist in stocking it. He also urges a similar arrangement with reference to mining claims.

The troubles between the Sultan of Jolo and other native chiefs, which have resulted in some fighting and considerable loss of life, are being closely watched by the military authorities, who are ready to interfere should occasion demand.

The civil administration of Manilla under the new charter will probably go into effect Tuesday, when most of the appointments will be made.

Another Mob Victim.

Carrollton, Miss., Aug. 5.—The armed mob which has been in the Tallaferrero neighborhood two days looking for Sallie Layton and others killed Will Price, the negro who worked for Tallaferrero and lived within 300 yards of his residence. Price was found dead in the road on Mr. Duke's place, some distance from any tree or anything to which to hang any one, with a rope around his neck and mutilated by gunshots. An inquest was held and the verdict was "came to his death by the hands of unknown persons." It is said Price went to the Tallaferrero residence and told Jack Tallaferrero all about the murder, and said that the plan was to kill both the old people and Jack, the youngest boy, while Lynn was away, and shoot him when he returned.

Hold the Claim Imaginary.

Washington, Aug. 5.—The secretary of the treasury and the treasurer of the United States filed with the clerk of the supreme court of the district of Columbia their answers to the petition for an accounting in connection with the well known Durkee claim against the government for \$79,000,000 and interest. These officials assert in their replies that the claim is "wholly imaginary, false, fictitious and fraudulent and without foundation of law or in fact." They assert that the records of the treasury department fail to disclose any basis for the claim.

Austin, Tex., Aug. 5.—Federal Bank Inspector J. B. Logan closed the First National bank of this city and posted a notice on its doors that it would not be open to business pending the arrival of the chief inspector. Alleged excessive loans are said to have caused the inspector to take this action. The state of Texas is said to have had some \$75,000 on deposit in the First National, though the exact amount is unknown. Total deposits are reported to be over \$200,000. No official statement will be issued pending the arrival of the chief inspector.

MURDERED AND ROBBED.

Soldier in the Spanish War Lured Into a Deathtrap.

Charlotte, N. C., Aug. 5.—A young man who was found lying by the roadside two miles from Charlotte, in an unconscious condition, was brought to the city hospital here, where he died. The coroner's inquest has developed a case of murder and robbery. The dead body was identified as that of Newton Lanier of Fort Mill, S. C., a volunteer of the Spanish war in a company from this city. Lanier was given knockout drops at a questionable house here and was afterward sandbagged and robbed of his watch and \$80 in cash. It is alleged that Lanier was lured to the house by three men, one of whom gave him the name as Charles Lyle of Knoxville, Tenn. The police are looking for the suspects.

Americans Abroad.

London, Aug. 5.—Among the Americans in London are Senator Chauncey M. Depew, who expects to remain for some time; General Grosvenor and Ministers Snowden and Newell. At Cowes are the Vanderbilt party and other wealthy Americans. Mr. Vanderbilt's yacht the Vallant and Colonel O. P. Haines' Aphrodite attract admiration, even among the host of palatial British and continental pleasure craft gathered in anticipation of regatta week. Other American yachts at Cowes are the Margarita, Calanthe and Margaret. The houses in the neighborhoods are all let, and what society is left in England flocked to the Isle of Wight immediately after Goodwood, which was as fashionable as ever. London has poured hundreds of thousands of excursionists into the country and to the sea where they will remain over the bank holiday.

Treatment of Mrs. Kruger.

London, Aug. 5.—The charge has been made that Mrs. Kruger was subjected to unkind treatment by the British, and was practically held a prisoner. General Baden-Powell now asserts that Mrs. Kruger, since President Kruger left Africa for Europe, up to the time of her death, was in receipt of £250 a month from the British government and that she has also had the free use of a government carriage and government horses. The Mafeking hero also states that Mrs. Steyn, wife of President Steyn of the late Orange Free State, was paid £100 a month by the government and likewise had the use of a carriage and the use of a carriage and horses.

A Conflagration.

Chicago, Aug. 5.—Hammond, Ind., was threatened with destruction by a fire that consumed three large manufacturing plants and caused a loss of over \$100,000 before it was under control. The plants destroyed were the Simplex Railway Appliance company, the Western Rawhide Tanning company, and the Hammond Buggy company. A broken oil pipe in a furnace in the Simplex factory started the blaze and the flames soon got beyond control of the local fire department. Assistance was sent from Kensington and South Chicago, and the combined efforts of the three villages prevented any further spread of the fire.

Illegally Appointed.

Washington, Aug. 5.—Mr. Tracewell, comptroller of the treasury, in a decision holds that Henry Gannett, the present geographer of the eleventh census, was illegally appointed, and hence is not entitled to compensation. Mr. Gannett also holds the position of geographer in the geological survey and the decision of the comptroller of the treasury is based upon the law which prohibits any person from holding two positions under the government, the compensation of either of which is \$2,500 or more per annum.

Breslau Bank in Straits.

Berlin, Aug. 5.—The Breslau banking concern reported in difficulties in consequence of boer attacks upon the banks in eastern Germany is the Jacoblander bank, of which Herr Eugene Landau, president of the board of directors of the Deutsche Reichsbank is a partner. In consequence of the embarrassment of the Breslau house Herr Landau resigned the presidency. The difficulties are due to the fact that its resources are locked up in unsalable securities. There is an intimation that rich family connections will come to the rescue.

Henry Clay Conde.

Balston, N. Y., Aug. 5.—Colonel Henry Clay Conde died here, aged 68. He served in the civil war as colonel on the staff of General Nelson, participating in the Kentucky and Tennessee campaigns. At the close of the war he resumed the practice of law in Memphis, Tenn., and later removed to St. Louis. He became blind about 12 years ago and has since made his home here. In 1888 he was nominated as chief justice of Alaska, but declined the appointment because of his then failing eyesight.

LYING AT DEATH'S DOOR

Mother of Emperor William is Rapidly Nearing Dissolution.

THE ROYAL RELATIVES SUMMONED.

While on His Way to Cronberg the Kaiser Receives a Message to Make Haste—Eldest Daughter of Queen Victoria—Foreign.

Homburg, Aug. 5.—The empress, Crown Prince Frederick William, Prince Eitel Frederick and Prince August William arrived at Cronberg, where the Dowager Empress Frederick is lying dangerously ill. Other royal personages who have arrived are Prince Adolf of Schaumburg-Lippe, Prince and Princess Frederick Carl of Hesse and the crown prince and Princess of Greece, Emperor William reached Cronberg at 3 a. m.

Professor Renvers, the specialist, wired his majesty to come in all haste.

The following bulletin concerning the condition of the patient was issued: "The external disease from which her majesty is suffering, and which for years has been slowly increasing, has in the course of the last week extended to the internal organs. Her majesty's strength is diminishing rapidly owing to inability to take sufficient nourishment. She is conscious, and at the present time without pain."

The dowager empress was the princess royal Victoria Adelaide, eldest daughter of the late Queen Victoria. She was born in 1810 and was married in 1835 to Crown Prince Frederick of Prussia, who became emperor of Germany in March, 1888, and died in June the same year. Of her eight children Emperor William is the eldest, and all are living except two sons who died in childhood, one at the age of two and the other 11 years.

Sky Sailor's Second Failure.

Paris, Aug. 5.—M. Santos-Dumont, the Brazilian aeronaut, made another unsuccessful attempt to win the prize of 100,000 francs offered by M. Deutsch of the Aero club for a dirigible balloon. He started from the grounds of the Aero club at Saint Cloud and headed for the Eiffel tower. When over the Long Champs the guide rope caught in a tree. M. Santos-Dumont got clear, but finding he could not cover the course within the time limit he returned to Saint Cloud eight and one-half minutes after the start, having covered about half the distance to the Eiffel tower.

Venezuelan Invasion Repulsed.

Caracas, Venezuela, Aug. 5.—The Venezuelan government announces that a force of invaders under General Rangel Garibay, including 22 battalions of the Colombian army, was repulsed by the government troops and compelled to fall back across the frontier after 28 hours' fighting July 28 and July 29. It is officially asserted that the invaders lost 900 men, the government troops losing 300. The government has sent reinforcements to the frontier.

British Viper Wrecked.

London, Aug. 5.—The British torpedo boat destroyer Viper struck a rock off the island of Alderney, in the British channel, and is a total wreck. There was no loss of life. The Viper was the only vessel in the British navy fitted with turbine engines. During her speed trials in May and June she attained 30½ knots and was pronounced capable of doing 31 knots. At that time she was handled by an inexperienced crew, and her builders believed she would yet attain 34 knots.

Hope For Prince Henri.

Paris, Aug. 5.—The Duc d'Orleans, father of Prince Henri d'Orleans, has received the following dispatch from Saigon regarding the prince, who is lying dangerously ill there: "Slightly better; hope again felt."

Ratcliffe of Salisbury. The three unfortunates became separated from other members of a party and suddenly found themselves in a deep hole. The women became frightened and on finding themselves going down grabbed Ratcliffe, who was a good swimmer, and dragged him with them. They were drowned before assistance reached them.

ALL FOR SCHLEY.
 The strongest testimony given so far in the Sampson-Schley controversy over the Santiago battle comes from the commanders of the vanquished Spanish battle ships. They are unentitled in their praises of Schley. The Captain of the Cristobal Colon leaves no doubt as to whom the honor of the victory belongs. Here is what he says:

"All the American officers, without exception, did their duty in the naval battle of Santiago. So did we, although it is certain that we were vanquished by the superiority of force. It is absurd and unpatriotic to make any exception in the case of Admiral Schley. It is absurd because the Brooklyn was in the thick of the fight throughout. She was at the mouth of the harbor when we tried to pass out and engaged us with a terrific fire, doing frightful damage to the end. In the pursuit of the Cristobal Colon, we surrendered to the Brooklyn 45 miles west of Santiago.

"The Brooklyn was the first to encounter us as we were coming out and the first to lead in the pursuit, and she kept up the lead, with the Oregon vastly aiding. The Brooklyn landed a shell just ahead of my ship, and, with the Oregon helping her there was nothing left for me to do but run ashore.

"The Brooklyn's conduct was brave; hence Commodore Schley was brave. Schley was on post, where he was put by Sampson. After the battle commenced each commander acted according to circumstances and events show that the Brooklyn bore a brave part. I should say that Schley was not only brave, but very competent, as is Sampson, whom I know personally. I don't know Schley, but I am a friend of Captain Cook of the Brooklyn, whose photograph I have. On the back of it you can read the following: 'Duty to our flags brought us together in strife. The sea made us friends. May God preserve your life and give to you that measure of blessing which your courage so richly deserves.'

"Of all the American ships the Brooklyn was the most exposed to our fire and to that of our batteries. Commodore Schley's own report was a model of a plain, sailor-like and gentlemanly statement. Schley directed that our officers retain their personal effects. A coward is never generous. The suggestion of cowardice probably comes from cowards.

The Investment Company has taken its place as a permanent institution, and the prejudices that obstructed its early growth are disappearing in the light of experience in its workings. For many months the people of Mason County have been sending over \$1,000 a month to be invested in companies at Lexington and other places. Now that we have a company at home whose plan is the latest and most approved, and whose managers are personally known to you as men of standing and integrity, why not put your investment with them? Patronize your home institution and your city and county will develop.

There is still a lingering prejudice in the minds of many people against the investment business. This arises largely from lack of information as to the real principles upon which the business is founded.

Our older citizens remember when the first building association was started in Maysville. There was a great deal of opposition to it, but it lived down the prejudice and was the forerunner of the three prosperous institutions of that kind in Maysville. The building association depends for its success entirely upon co-operation.

Life insurance was a rarity in Maysville in the preceding generation, but now it is difficult to find a man entirely uninsured, who is healthy enough to stand a medical examination.

Life insurance is run upon precisely the same principles as an investment company, but pays the profits to the dead man's estate. Our plan is open to the sick and feeble to whom life insurance is barred, as well as to the healthy and strong. Don't let prejudice stand in your way because the business is unfamiliar to you, but investigate for yourself, and you, like others, will be convinced. Call at our office or write to the

CONVERSATION We Are Showing the

Was overheard last Monday night as a man was passing the

5 and 10c. Store

Just as the oven clock was striking fifteen minutes past 2. Everything was still as death. There was a mighty uproar in the tin department, when a tin cup raised shrieking, trembling and exclaiming that their kind was to be sold for 5c. Boastfully the table oilcloth was heard in a loud voice saying, I am 1½ yards wide and thirty-six inches long and of the finest grade and I am to be sold for only 15c. Carpet tacks were next heard from. There are 500 of us and our points are of sharpened steel and our heads can be hammered for only 5c. Rubber collars were heard from next, in a low voice saying, "You can launder me in a bowl with soap and water and I will go around your rubber neck for only 25 cents." Silver tea spoons were heard in a silver tongue, "There are only six of us, just one half dozen; we shine and shine beautiful to behold. We are guaranteed to last a lifetime. We are to be sacrificed for only 50c. There was a great uproar heard in rug, straw matting, china, glass, hosiery, linen and gent's furnishing goods department. This man tip-toed away silently, but knowingly, that on account of space we could not tell you what they had to say, but the goods talk for themselves at the 5 and 10 cent store, 45 West Second St., Maysville, Ky.

## Our First Season in Maysville

Is now drawing to a close. It has been a most successful one—far beyond our greatest expectation. To all our customers we extend our sincere thanks for their loyal support, and we feel to-day that we have made a host of friends for so short a time, and we shall ever try to merit your good will.

We now shall turn our attention to the coming Fall and Winter seasons. Beside an enormous line of medium grade goods we shall carry a line of high grade novelties, such as never been shown in Maysville before, and to that effect we have already made arrangements with some of the largest manufacturers and importers on the American continent to handle their line exclusively. Our M. Merz for New York this week. Should you have any special orders to be attended to, kindly see him this week. Very respectfully,

**MERZ BROS.**

Be sure and see Thursday's announcement.

### A PIONEER OF KENTON

Was the Late Mrs. C. A. McLaughlin, of Covington, Mother of Mrs. Robert Ficklin.

Mention was made Saturday of the death of Mrs. C. A. McLaughlin at Big Bone Springs, the venerable mother of Mrs. Robert Ficklin, of this city.

Mrs. McLaughlin was in her seventy-ninth year and was a pioneer resident of Kenton County. The deceased, with her husband, who survives her, moved to Covington sixty years ago from near California, Campbell County, where they were married. They continued to reside in Covington up to within a few years ago, when they removed to Big Bone.

Ten years ago the deceased and her husband celebrated their golden wedding, at which there were represented four generations of the family in the persons of C. A. McLaughlin, Wm. P. McLaughlin, Wm. P. McLaughlin, Jr., and Charles McLaughlin.

Besides her husband, who is now eighty-four years of age, three sons and three daughters survive her. They are Judge Wm. P. McLaughlin, C. A. McLaughlin, Jr., and E. B. McLaughlin, all of Covington, Mrs. Frank T. Clark, of Mattoon, Ill., Mrs. Robert Ficklin, of Maysville, and Mrs. Dr. Orr, of the Highlands, back of Newport.

The funeral took place from the Scott Street M. E. Church, Covington, Sunday afternoon.

Monthly meeting of City Council tonight.

A. V. Burdick, of Tollesboro, has been appointed a railway mail clerk.

Near Millersburg Green Leer had a 1,400-pound steer killed by lightning.

Strictly pure Paris green that is guaranteed, for sale at Chenoweth's drug store.

Near Mt. Sterling, Owen Lane lost two 1,350-pound steers, as a result of their eating Paris green.

The union service was held at the M. E. Church, South, last evening, Howard T. Cree preaching the sermon.

Rev. Father Jones, who has been ill, is improving. His many friends wish for him a speedy restoration to his usual good health.

Mrs. Mildred V. Cleveland, of Dover, is seventy-seven years old, and last week was the first time she has ever been ill enough to call in a physician.

You want to be right up in G if you are an Elk, and get one of those handsome pins and charms on sale at Ballenger's. Great variety, ranging from \$1 to \$50.

Rev. W. F. Taylor was called to Covington Saturday evening to officiate at the funeral of the late Mrs. C. A. McLaughlin, whose death is mentioned elsewhere in this issue.

The Ladies' Missionary Society of the Central Presbyterian Church will meet to-day (Monday) with Mrs. John B. Poyntz at 3:30 p. m. Business begins at 4 o'clock sharp.

"King" McNamara, who killed Jacob Keller at Lexington two years ago, and escaped, has been located in Washington, not far from Seattle, and secret steps are being taken to secure his arrest and return.

G. W. Rogers & Co., No. 127 Market street, Maysville, is the place to get pure, straight two-stamp "guaranteed" whiskeys, brandies and gins, California wines &c. No spirits or rectified goods sold. Best \$2 whisky on earth.

A grand concert and literary entertainment will be given at the opera house Aug. 14th, under the auspices of the Young Ladies Aid Society of the First Baptist Church, by Mr. G. Morgan Stricklett, the sweet tenor singer of New York, and Miss Murphy, the professional reader, assisted by other talent.

James R. Keene, the wizard of Wall street and one of America's leading sportsmen, has bought "Castleton," near Lexington, one of the finest farms in the Blue Grass, for \$58,000. There are 600 acres in the farm. Mr. Keene already owned 300 acres adjoining Castleton, which he bought from General Joseph C. Breckinridge. He has had "Castleton" under a lease for several years and has his great stud there. William C. Whitney is expected to be the next rich man to invest thousands in Blue Grass lands.

#### Astonished the Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters, which helped her at once, and, after using four bottles, she is entirely well,—can eat anything. It's a great tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. Only 50c. at J. Jas. Wood & Son's drug store.

## A Feast of Bargains!

Not a single garment will escape the knife.

It is needless for us to tell you about qualities.

## THE BEST IS THE ONLY KIND WE SELL!

Our people don't want cheap stuff, they have been tempted again and again and doubtless will be again, with Clothing that looks awful cheap in newspaper advertisements, but when weighed it invariably was found wanting.

Our Clearance Sale will continue until we have sold down the stock low enough to give us room for our New Fall Goods, which will soon begin to come in.

All goods sold at the reduced price MUST be paid for when taken away or ordered sent home. Please do not embarrass us by asking credit during this sale.

### THE HOME STORE

#### TWENTY MILLIONS.

That's the Estimate of the Damage to Kentucky Crops by the Drouth.

State Commissioner of Agriculture Nall issued his monthly crop bulletin Saturday, made up from reports from correspondents in a large majority of the counties, and it shows that in the month of July the drought caused the tobacco crop to dwindle to 55 per cent. of a usual crop, the corn crop to 55 per cent. and the hemp crop to 71 per cent.

This means a net loss, it is estimated, to the farmers of nearly \$20,000,000.

Captain C. M. Phister, Messrs. Ben Poyntz, Orlando Cox, Judge Phister and Harry Barkley have gone to the Kanawha river on a fishing trip. The party are making the trip on the neat little launch Newt Cooper.

### MISS BETTIE PROCTOR.

The Home of Mr. and Mrs. T. K. Proctor Again Saddened by the Loss of a Loved One.

Death's dark shadow has rested heavily upon the home of Mr. and Mrs. T. K. Proctor, of the Sixth ward, during the past year.

Some months ago they were called upon to mourn the loss of a daughter, Mrs. Dudley Martin. Later a little grandchild, the daughter of Mrs. Martin, was taken, and now another member of the family has been called to join the loved ones gone before.

At ten minutes past 4 o'clock Sunday morning their daughter, Miss Bettie, fell asleep in death. She had been ill several months from pulmonary troubles as a result of a severe cold; and unimurably her long sufferings were borne. Some days ago she realized the inevitable result of the unequal contest, and calmly awaited the summons. Peacefully the end came and she passed into rest as if falling into a gentle sleep.

Miss Proctor was twenty-three years old, and had been a faithful member of the Christian Church for several years. A woman of lovely character she endeared herself to her large circle of friends whose sympathy goes out to the stricken home.

The funeral takes place at 3 o'clock this afternoon at the family residence, Howard T. Cree officiating. Burial in the Maysville Cemetery.

The estate of the late Henry Ward was appraised at \$3,200.

Samuel Gantz and Ida May Brown, colored, were married Saturday.

Mrs. John Bickley is very ill at her home in the county.

Egg phosphate and all the popular soda water drinks at Ray's soda fountain.

The wife of Isaac McPheeters, colored, fell at her home and broke her left collar bone.

Mr. and Mrs. W. H. Boswell and daughter united with the Christian Church Sunday.

Protect your stock from torture by flies by using "Fly-killer Oil," for sale at Chenoweth's drug store.

The C. and O.'s excursion to Huntington Sunday was run in two sections and both sections were crowded.

The payroll at the Dover tobacco factory amounted to \$500 week before last, and the brick plant paid out \$120.

The L. and N. brought in an excursion of colored folks from Winchester Sunday, to attend a meeting at the fair grounds.

Onie Riggs, aged thirty-two, and Miss Iva Tuel, of Shannon, were married Saturday by Judge Newell. It is the groom's second venture.

Ed. McMillan, of the West End, made an unsuccessful attempt at suicide Saturday night by stabbing himself. He was able to be out Sunday.

Dan Peed, of Paris, has purchased this season over 700,000 pounds of tobacco, at an outlay of over \$45,000. He has sold over 411 hogheads and has over 200 hogheads on hand.

Positively the best cut yellow poplar shingles on earth. Samples at R. A. Carr's and Limestone Mill, Maysville. Address, D. G. Wilson, Orangeburg, Ky.

### JAMES ROBERT SPURGEON.

Former Maysvillian Now in This Country on Leave of Absence From His Post at Monrovia.

[Washington Correspondence Danville Advocate.]

James Robert Spurgeon, Secretary of the American Legation at Monrovia, Liberia, was a caller at the Internal Revenue Bureau the other day. Spurgeon is a negro and his home is at Maysville, Kentucky. He is in the United States on a leave of absence. Spurgeon talked entertainingly on the country in which he is now living. Liberia, as is generally known, is a negro republic. Many years ago the Liberian republic was launched with the hope that the American negro could be induced to go there and thus settle a perplexing social problem here; but the American negro knew a good thing when he had it in his hand and he refused to flock back to Africa to any great degree. Spurgeon says that about 50,000 negroes did go, however, but only about 15,000 of the original settlers or their descendants remain to-day. The change in climate, etc., was more than they could survive.

The civilized population of Liberia is about 50,000, but there are several million of savages. The government is modeled pretty much after that of the United States. The President is William D. Coleman, a negro, formerly of Louisville, Ky. All of the officers, supreme justices, etc., are negroes. The principal industry is the growing of coffee. Spurgeon says there is considerable excitement now over prospective gold discoveries, and that a commission from Liberia is now in London negotiating with British capitalists for the development of the gold fields.

### MRS. LYDIA E. LLOYD.

An Old Resident of the County Passed Away Last Night at Her Home Near Tuckahoe.

Mrs. Lydia E. Lloyd, an old and highly esteemed resident of the county, died last night at 10 o'clock at her home near Tuckahoe. She had been very feeble some months as a result of the infirmities of old age.

Mrs. Lloyd was a daughter of James Perrine of Lebanon, O., and was in her eighty-first year. She was married twice, first to a Mr. Lamb, and after his death to the late Richard Lloyd. She survived both husbands, Mr. Lloyd having passed away some fifteen or twenty years ago. Mrs. Lloyd leaves three children (all by her last marriage), two sons, Robert and Charles, and one daughter, the wife of Sheriff Samuel Perrine.

The funeral will take place Tuesday at 3 p. m. at the residence, Elder W. W. Hall officiating. Interment in the family burial-ground near Tuckahoe.

## PITHY POINTS.

The man who has acted with all the littleness and assumption that Sampson has towards Schley wouldn't have "buckled up" very close to the Spanish fleet had he been at Santiago, we opine.

Had the fight at Santiago gone the way it didn't go, Sampson would in all likelihood had to have stood a court martial for his conduct in leaving his post in the teeth of an action almost; that is provided he wouldn't have been esteemed too

much a poltroon to have been honored with such a trial. Hereafter a naval officer of the American republic had better be away from a battle than on hand, would he preserve his integrity and fame, judging by the cases of Schley and Sampson in connection with the Santiago affair.

How would it answer the demands of the case and times to dub Schley "Ajax" and Sampson "Jackass?"

It seems that Sampson wasn't willing to risk his carcass in any less staunch vessel than the

New York, when he took the jaunt out of harm's way, with every assurance that a battle was imminent.

Could it have been that Sampson was actuated by modesty in leaving Schley to fight the Santiago battle? Such a presumption wouldn't appear unreasonable in view of the great modesty (?) he has seen fit to exhibit since that little affair.

Sampson wouldn't do very well to lead a forlorn hope, unless it was to be led to the rear, judging from his caper at Sanilago.

## CINCINNATI TOBACCO MARKET.

The 862 hdds. offered averaged \$8.04 per 100 pounds, as against \$7.24 for the 556 hdds. for the previous week, and \$8.71 for the 2,032 hdds. for the corresponding week of last year.

The weekly circular of the warehouse interests says in part:

"The week's market was a very interesting one, even though the sales were still comparatively small. The offerings, while showing a decided gain over previous week, were still far below the average at this season. There was a much better feeling apparent, and a firmness and improvement in the market as a whole must be noted.

"The outlook for August does not give much hope that offerings will greatly increase, or that they will reach near the figure usually attained during the month. Shippers are not anxious to sell their tobacco, as the stocks on hand are very

low, less than they have been for years, and the outlook in the field is not very flattering. Consequently they are going to hold their tobacco, realizing that they have plenty of time to sell it before the new crop makes its appearance. The rains of the week, though they have done a great deal of good, have not altered their opinions materially. It would seem, however, that a steady offering at present prices would be the best method to dispose of their holdings, rather than crowd the market at one time."

## To Save Her Child

Bids for supplying coal for the public schools of the city of Maysville will be received up to August 15. About 4,000 bushels will be needed.

THOS. Y. NISBET,

At a meeting of the Board of Trustees of the Business Men's Club of Cincinnati Friday evening, an invitation to attend the Elks Fair at this place on "Ohio Day" Friday, Sept. 6th, was accepted. It is expected that the business men of the Queen City will be present on the day named in large numbers.

## They Struck it Rich.

It was a grand thing for this community that such an enterprising firm as J. Jas. Wood & Son secured the agency for Dr. King's New Discovery for consumption, the wonderful remedy that has startled the world by its marvelous cures. The furor of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee it to cure coughs, colds, bronchitis, asthma, croup and all throat and lung troubles. A trial proves its merit. Price 50c. and \$1.
